

Uni to hold career fair

A CAREER fair organised by the Counselling & Guidance Section of Universiti Malaya's (UM) Student Affairs Department and AIESEC will be held from Feb 19 to 21 at the Dewan Tunku Canselor.

Career Path 2008, serves as a platform for undergraduates to explore career opportunities and to get an overview of the job market and the challenges graduates face.

Themed *Activating your future*, the fair also aims to provide an opportunity for the corporate sector to hire fresh graduates and also promote their company to visitors.

More than 55 companies dealing in engineering, research, services, finance and IT will take booths at the fair, which is supported by the Higher Education Ministry.

Visitors can interact with potential employers on the career opportunities available, submit their résumé and even take part in job interviews.

About 12,000 visitors are expected at the fair.
